

## UKLO Annual International Scientific Conference 2024

On the occasion of the *World Science Day for Peace and Development*, the University “St. Kliment Ohridski” - Bitola is announcing a Call for Papers for its *Annual International Scientific Conference 2024* on the following topic:

### “MULTIDISCIPLINARY APPROACH TO SUSTAINABLE DEVELOPMENT GOALS”

*Bitola, Republic of North Macedonia 15 - 16 November 2024*

**Mode: Hybrid**

**Place: Bitola, North Macedonia**

*World Science Day for Peace and Development* emphasizes the importance of science in society and the necessity to involve the broader public in discussions about emerging scientific topics. It highlights the value and applicability of science to our everyday lives.

The 2024 UKLO Conference topic is: “Multidisciplinary Approach to Sustainable Development Goals”. Authors are invited to submit papers on any subject related to and within the scope of the Conference topic. Submissions from academics, researchers, and practitioners at any stage of their career, including PhD students, will be accepted.

This international scientific conference offers the chance to mobilize the academy and experts from home and abroad around the issue of science for peace and development with a single purpose - *changing the world for the better!*

The conference will open for discussion on the most pressing issues of the UN Agenda 2030, focusing on a wide range of critical topics for achieving sustainable development. Participants will engage in debates encompassing all key areas of the UN Sustainable Development Goals (SDGs), including no poverty, zero hunger, good health and well-being, quality education, gender equality, clean water and sanitation, affordable and clean energy, decent work and economic growth, industry, innovation, and infrastructure, reduced inequalities, sustainable cities and communities, responsible consumption and production, climate action, life below water, life on land, peace, justice, and strong institutions, and partnerships for the goals.

This year, the conference will include a special thematic section on “Equality, Diversity, and Inclusion”, which contributes to the COLOURS European University Alliance, of which our university is a member. This section will highlight the importance of fostering an inclusive environment that values diversity and promotes equality across all sectors of society.

Additionally, the conference will offer numerous networking opportunities, fostering partnerships, inspiring innovative solutions, and galvanizing collective efforts toward a more sustainable and equitable future for all.

**Key areas of focus are not limited to but may include:**

- Entrepreneurship and sustainability
  - Innovation and sustainability
  - Social entrepreneurship
  - Digital Marketing
  - International Trade
  - Economy and Green Economy
  - Sustainable Finance
  - Sustainability accounting and non-financial reporting
  - Information Technology in the Function of Sustainable Development Goals
  - Modeling and Optimization of Production and Consumption
- 

- Correlation Between Educational Status and Anxiety Levels Among Urban Female Population
  - Child Abuse – Sociocultural Correlates - A Case Study
  - The Impact of Environmental Factors on Health and Diseases
  - Promotion of Preventive Health Care
  - The Role of Physiotherapy in the Proper Maintenance of Public Health
  - Healthy Bodies - Healthy Nation: The Dual Impact of Physiotherapists on Society
  - Eco-Integration into Social Norms of Individuals and the Role of Physiotherapists
  - Promotion of Sustainability Through Mobility Measures in Rehabilitation
  - Safety in Patient Handling
  - Barriers to Implementing Health Care for Patients with Multicultural Characteristics
  - Key Aspects in the Education of Nurses
- 

- Transforming education for a sustainable future – Strategies and Approaches
  - Education for sustainable development
  - Education for critical thinking and problem-solving
  - Education for partnership and collaboration
  - Language and sustainable development goals
  - Multilingualism and linguistic diversity with one goal: sustainability-themed vocabulary
  - Preserving linguistic and cultural diversity
  - Ethical communication for a sustainable future
  - Education for cultural diversity and lifelong learning
  - Digital technologies in education (ICT) for a sustainable future
- 

- Renewable energy sources
  - Justified energy transition
  - Energy efficiency
  - Smart grids
  - Smart cities
  - Safe, affordable, accessible, and sustainable transport systems
  - Urban transport mobility
  - Renewables integration in power systems
  - Sustainability of industry
  - Mechatronics
  - Sustainability in graphic design
-

- Smart Approaches to Food Systems for a Sustainable and Healthy World
  - Utilization of fruit by-products: An opportunity for sustainable waste management and reduction of environmental impact
  - The role of the food sector in the strategies for improving the nutrition and health of the population
  - Practices and principles for sustainable development in environmental protection
  - Sustainable development in food science and environmental protection
  - Challenges and opportunities of Novel Food - Case studies from Europe and North Macedonia
  - Protection of biodiversity - Impact of the meat industry on ecosystems
  - Role of Chemistry in sustainable development by promoting green chemistry principles and practices
  - Applied Mathematics: Leveraging Multidisciplinary for Sustainable Development
  - Production of fermented milk products with the addition of functional plant components
  - Use of whey as a by-product of the dairy industry for sustainable and economically viable production
- 

- The importance of sustainable aquaculture and its practices
  - Advances in livestock breeding for sustainability
  - Use of waste materials from the food industry according to the sustainability strategy of the EU
  - The role of artificial intelligence (AI) in sustainable agriculture
- 

- Software engineering and applications
  - Data science and big data technologies
  - Data and system security
  - Artificial intelligence and intelligent systems
  - Internet of Things
  - Embedded systems and robotics
  - IT management
  - E-Government
  - E-Education
  - Smart development
- 

- Sustainable Development and Tourism: Integrated Approach to the Management of Tourist Destinations
- Tourism Innovation for Sustainable Development: Multidisciplinary Approaches and the Challenges of the Contemporary Market
- Sustainability and Competitiveness: Applying Multidisciplinary Strategies in Tourism
- Tourism Resource Management for Sustainable Development: Integrated Approaches and Global Challenges
- Gastronomy and Cultural Tourism: An Integrated Approach to Rural Tourism Destination Management
- Gastronomy for a Healthy Life: Integrated Strategies for Adopting Healthy Eating Habits
- Innovations in the Hotel Industry: Creative Concepts and Management Changes
- Insurance and Finance in the Era of Digital Transformation: New Challenges and Opportunities for Innovation
- Insurance and Financial Innovation: Transformative Approaches to Sustainability and Profitability
- Risk Management in Contemporary Business Circumstances: Technological Innovation and Regulatory Challenges

- Innovations and Technological Trends in the Customs, Freight Forwarding and Logistics Industry: Challenges and Development Opportunities
  - An Integrated Approach in Customs, Freight Forwarding and Logistics: Transforming Global Trade
  - Creative Approaches in Promotional Management: Impact of Digital Media and Social Networks
  - Cultural Heritage Management and Tourism: Cultural Management as a Catalyst for Tourism Development
  - Financial Management in the Age of Uncertainty: Risk Prevention and Management
  - Contemporary Trends and Strategies in Logistics Management: Applications of Innovative Technologies and Sustainable Practices
- 

- Animal welfare is imperative in maintaining their health
  - Climate change and animal health
  - Behavioral characteristics of human-animal interaction
  - Antimicrobial resistance. Challenges in Veterinary Medicine
  - The use of antibiotics in farm production and connection with the emergence of antimicrobial resistance
  - The use of human antibiotics in small practice in veterinary medicine
  - The importance and role of measures for the detection, control, and prevention of zoonotic diseases in the direction of preserving public health
  - Infertility (sterility) in cows is one of the causes of economic losses for farmers
  - Puerperium, one of the problems in intensive cattle breeding
  - Anestrus and economic repercussions on farm production
  - Molecular-diagnostic methods for rapid detection of pathogens in animals
  - Challenges faced by low-budget laboratories in the diagnosis of infectious diseases
- 

- Climate Change and Security: Building Resilient Communities
  - Cybersecurity and Sustainable Development: Protecting Critical Infrastructure
  - Economic Security and Sustainable Development: Addressing Inequality
  - Creating Safe and Inclusive Communities
  - Governance, Peace, and Security: Strengthening Institutions
  - Migration, Displacement, and Security
  - The role of education in promoting security and sustainable development.
  - Gender-based Violence and Security Policies
  - Protecting critical infrastructure: security perspective
  - Artificial intelligence and Security-new reality
- 

- The current state of tobacco production in N. Macedonia – analysis of sustainability, development potential, and future perspectives
- Analysis of the economic feasibility and environmental impact of implementing sustainable agricultural practices
- Research on the effectiveness of different sustainable agricultural techniques to improve crop yields, with a special focus on tobacco production
- Green manuring - a condition for improving the productive properties of soils under monoculture tobacco cultivation
- Optimizing the harvesting of oriental tobacco for greater financial benefit in tobacco production
- Some new methods of curing oriental tobacco that contribute to increasing economic efficiency in production
- Research on the potential of tobacco production as a renewable source of bioenergy

- Proper management activities based on good agricultural practices should be used to improve tobacco production.
  - Enhancing management operations to improve productivity in tobacco production (quantitatively, qualitatively, and reducing execution time)
  - Spatial distribution of agrochemical parameters - application of smart tools in agriculture (GIS) as a prerequisite for sustainable tobacco production
- 

- Integrating Cultural Heritage into Urban Sustainability Plans
  - Cultural Heritage and Climate Actions
  - Sustainable Tourism and Cultural Heritage Preservation
  - Digital Technologies and Cultural Heritage
  - Cultural Heritage in Rural Development
- 

- Comprehensive, integrated solutions to climate change, the exhaustion of resources, ecological destruction, and other environmental crises that threaten the future of humanity
  - Integrated research approaches for comprehensive assessments in the realms of natural resources, environmental sanitation, health and social development
  - Interdisciplinary approaches for monitoring the environment and social behavior concerning protection of the environment
  - Integrating Sustainable Development Goals to environmental education
  - Multidimensional thinking and interdisciplinary collaborations in environmentally focused projects
  - Ecological, economic, and social factors integrated into biodiversity protection and conservation
  - A multidisciplinary approach to facing challenges related to food, health, and sustainability
  - Integrated, holistic, and multidisciplinary approach to sustainable urban development to achieve better quality urban environments
  - Need and importance of multidisciplinary development of social, physical, intellectual, emotional, and moral capacities of students in an integrated manner
  - A multi-pronged approach in the study and management of water resources
- 

- Legal frameworks for climate change mitigation and adaptation
  - Regulation of marine pollution and protection of marine ecosystems
  - Legal protections for marginalized populations
  - Rights to health and healthcare
  - Legal frameworks for access to education
  - Legal measures to promote women's rights
  - Legal aspects of sustainable economic development
  - Intellectual property rights and equitable access to technology
  - Regulation of renewable energy sources
  - Legal issues in resource exploitation
  - Corporate social responsibility
  - Legal incentives for business contributions to SDGs
  - Legal frameworks for urban planning
  - Housing laws for affordable living
  - Role of international law in SDGs
  - International cooperation on environmental issues
- 

- The quality of gifted and talented education
- Gifted and talented students in the globalization process

- UKLO and talents/talents and UKLO
  - Factors for failure of gifted and talented students
  - How can the outflow/brain drain of gifted and talented students be prevented? (Situations, solutions, and perspectives)
  - The impact of family on gifted and talented students
- 

### **COLOURS SECTION: *Equality, Diversity, and Inclusion***

- Inclusive Voting and Political Participation
- Inclusive Immigration Policies
- Inclusive Education for Students with Disabilities
- Inclusive Mental Health Support
- Inclusive Disaster Response and Emergency Preparedness
- Inclusive Language Policies
- Inclusive Leadership
- Equity in Education
- Gender Equity in STEM
- The Business Case for Diversity
- Implementing Diversity and Inclusion Training Programs
- Addressing Ethnic and Racial Inequities in the Criminal Justice System

---

### **Important Dates:**

- **September 10, 2024: Submit an abstract** between 250 and 300 words (5-7 keywords. Use words that will help others find your work). Write your abstract using concise but complete sentences. You need to include four things: 1) your research problem and objectives, 2) your methods, 3) your key results or arguments, and 4) your conclusion.
- **15 and 16 November 2024: Conference dates**
- **November 26, 2024: Submission of final papers.** Earlier submission of the articles helps us to manage the review process on time. Articles should be sent as .doc or .docx attachments via the email address: [conference@uklo.edu.mk](mailto:conference@uklo.edu.mk)

### **Submission details:**

Interested authors are invited to submit an abstract and a brief academic biography written narratively by September 10, 2024, via the following email: [conference@uklo.edu.mk](mailto:conference@uklo.edu.mk)

### **Article Guidelines:**

The authors should adhere to the Article guidelines of Horizons - International Scientific Journal: [https://uklo.edu.mk/wp-content/uploads/2023/06/Horizons\\_full\\_guidelines.pdf](https://uklo.edu.mk/wp-content/uploads/2023/06/Horizons_full_guidelines.pdf)

### **Publication:**

The articles will be published in the conference proceedings. Selected papers will be published in a special issue of [Horizons-International Scientific Journal](#), published by the University St. Kliment Ohridski in Bitola.

### **Certification:**

The papers accepted and presented during the Conference will receive a certification of participation.

## **ORGANIZING COMMITTEE:**

Prof. Dr. Igor Nedelkovski, Rector, UKLO - *Chairman*  
Prof. Dr. Goran Ilik, Vice-rector, UKLO - *Chairman*  
Prof. Dr. Jasmina Bunevska Talevska, Vice-rector, UKLO  
Prof. Dr. Cvetko Andreeski, Vice-rector, UKLO  
Prof. Dr. Jove Dimitrija Talevski, Vice-rector, UKLO  
Prof. Dr. Nikolce Jankulovski, President of Senate of UKLO

## **INTERNATIONAL PROGRAM COMMITTEE:**

*(In alphabetical order)*

Prof. Dr. Ana Gavrilovic, Faculty of Agriculture, University of Zagreb, Croatia  
Prof. Dr. Andrea Osimani, Department of Agricultural Sciences, Food and Environmental, (Dipartimento di Scienze Agrarie, Alimentarie e Ambientali), Polytechnic University of Marche, Italy  
Prof. Dr. Angelo Viglianisi Ferraro, Department of Law, Economics and Human Science, Mediterranean University of Reggio Calabria, Italy  
Prof. Dr. Artur Adamczyk, Centre for Europe, University of Warsaw, Poland  
Prof. Dr. Dalibor Dobrilović, Technical Faculty “Mihajlo Pupin” Zrenjanin, University of Novi Sad, Serbia  
Prof. Dr. Darko Dimovski, Faculty of Law, University of Nis, Republic of Serbia  
Prof. Dr. Eleonora Brtko, Technical Faculty “Mihajlo Pupin” Zrenjanin, University of Novi Sad, Serbia  
Prof. Dr. Elizabeta Susaj, Department of Technology and Business, Western Balkans University, Albania  
Prof. Dr. Emilio Viano, Department of Justice, Law & Society, American University, USA  
Prof. Dr. Evelin Krmac, Faculty of Maritime Studies and Transport, University of Ljubljana, Slovenia  
Prof. Dr. Goran Bandov, University of Zagreb, Croatia  
Prof. Dr. Ira Taneva, Faculty of Technics and Technologies Department of Food Technology, Trakia University – Stara Zagora, Bulgaria  
Prof. Dr. Ivana Berković, Technical Faculty “Mihajlo Pupin” Zrenjanin, University of Novi Sad, Serbia  
Prof. Dr. Ivo Draganov, Faculty of Telecommunication, Technical University of Sofia, Bulgaria  
Prof. Dr. Jasenka Gajdoš Kljusurić, Faculty of Food Technology and Biotechnology, University of Zagreb, Croatia  
Prof. Dr. Joanna Harasym, Faculty of Production Engineering / Department of Biotechnology and Food Analysis, Wroclaw University of Economics, Poland  
Prof. Dr. Kalin Dimitrov, Faculty of Telecommunication, Technical University of Sofia, Bulgaria  
Prof. Dr. Kamil Zajączkowski, Centre for Europe, University of Warsaw, Poland  
Prof. Dr. Lee Ann Slocum, Department of Criminology and Criminal Justice, University of Missouri – St. Louis, USA  
Prof. Dr. Ljubica Kazi, Technical Faculty “Mihajlo Pupin” Zrenjanin, University of Novi Sad, Serbia  
Prof. Dr. Milan Zarkovic, University of Criminalistics and Police Studies, Republic of Serbia  
Prof. Dr. Miomira Kostic, Faculty of Law, University of Nis, Republic of Serbia  
Prof. Dr. Mirjana Lakovic, Faculty of Mechanical Engineering, University of Nis, Serbia  
Prof. Dr. Miroslava Kačániová, Faculty of Horticulture and Landscape Engineering, Slovak University of Agriculture, Slovakia  
Prof. Dr. Natalija Ursulin-Trstenjak, Department of Food Technology, University North University Centre Koprivnica, Croatia  
Prof. Dr. Prabhpreet Singh, School of Law, Christ University Lavasa, India  
Prof. Dr. Sanja Stanisavljev, Technical Faculty “Mihajlo Pupin” Zrenjanin, University of Novi Sad, Serbia  
Prof. Dr. Stanimir Dimitrov, Faculty of Agriculture, Trakia University, Stara Zagora, Bulgaria  
Prof. Dr. Stefan G. Dragoev, Department “Meat and Fish Technology”, University of Food Technology, Bulgaria  
Prof. Dr. Tanya Titova, Department. Automation, Information and Control Systems, University of Food Technology - Plovdiv, Bulgaria  
Prof. Dr. Thiago Felipe S. Avanci, UNISANTOS and U.P. Mackenzie, Brazil  
Prof. Dr. Vesna Makitan, Technical Faculty “Mihajlo Pupin” Zrenjanin, University of Novi Sad, Serbia  
Prof. Dr. Višnja Ognjenovic, Technical Faculty “Mihajlo Pupin” Zrenjanin, University of Novi Sad, Serbia

Prof. Dr. Željko Stević, Faculty of Transport and Traffic Engineering, University of East Sarajevo, Republic of Srpska, B&H

Prof. Dr. Željko Stojanov, Technical Faculty "Mihajlo Pupin" Zrenjanin, University of Novi Sad, Serbia

#### **UNIVERSITY COMMITTEE:**

Prof. Dr. Dragica Odzaklieska, Faculty of Economics, UKLO

Prof. Dr. Mitko Kostov, Faculty of Technical Sciences, UKLO

Prof. Dr. Snezana Dicevska, Faculty of Tourism and Hospitality, UKLO

Prof. Dr. Dance Sivakova – Neshkovski, Faculty of Education, UKLO

Prof. Dr. Gordana Dimitrovska, Faculty of Biotechnical Sciences, UKLO

Prof. Dr. Tanja Jovanovska, Higher Medical School, UKLO

Prof. Dr. Blagoj Risteovski, Faculty of Information and Communication Technologies, UKLO

Prof. Dr. Jonce Ivanovski, Faculty of Security, UKLO

Prof. Dr. Svetlana Veljanoska, Faculty of Law, UKLO

Prof. Dr. Vezirka Jankulovska, Faculty of Technology and Technical Sciences, UKLO

Prof. Dr. Nikola Karabolovski, Faculty of Veterinary Science, UKLO

Prof. Dr. Valentina Pelivanoska, Research Tobacco Institute, UKLO

#### **THEMATHIC EDITORS:**

Prof. Dr. Tatjana Spaseska, Faculty of Economics, UKLO

Prof. Dr. Metodija Atanasovski, Faculty of Technical Sciences, UKLO

Prof. Dr. Irina Joldeska, Faculty of Tourism and Hospitality, UKLO

Prof. Dr. Milena Pejcinovska Stojkovik, Faculty of Education, UKLO

Prof. Dr. Dijana Blazekovik Dimovska, Faculty of Biotechnical Sciences, UKLO

Prof. Dr. Viktorija Prodanovska Stojcevska, Higher Medical School, UKLO

Prof. Dr. Kostandina Veljanovska, Faculty of Information and Communication Technologies, UKLO

Prof. Dr. Snezana Mojsoska, Faculty of Security, UKLO

Prof. Dr. Elena Tilovska-Kechegi, Faculty of Law, UKLO

Prof. Dr. Angelina Stanojoska, Faculty of Law, UKLO

Prof. Dr. Daniela Nikolovska Nedelkoska, Faculty of Technology and Technical Sciences, UKLO

Prof. Dr. Mimi Risteovski, Faculty of Veterinary Sciences, UKLO

Prof. Dr. Natasa Zdraveska, Research Tobacco Institute, UKLO

Dr. Orhideja Tasevska, PRI Institute of Hydrobiology, UKLO

Dr. Ordance Petrov, PRI Institute of Ancient Slav Culture, UKLO

Dr. Angelka Jankulovska, Higher Medical School, UKLO

#### **CONFERENCE SECRETARIES:**

Dr. Elena Kitanovska – Ristoska

Dr. Hristina Veljanovska

#### **TECHNICAL SUPPORT:**

Assit. Prof. Dr. Blagoj Nenovski

**Organizer:**

University “St. Kliment Ohridski” - Bitola, Republic of North Macedonia

**For more information about the Conference, please contact us:**

Facebook: <https://www.facebook.com/uklobitola>

LinkedIn: <https://www.linkedin.com/school/university-st-kliment-ohridski-bitola/>

We appreciate your interest in our Conference and look forward to your submission soon. Please forward this information to your colleagues and students.

Kind Regards,  
**Organizing Team**

*The University “St. Kliment Ohridski” - Bitola is the first and only Macedonian university ranked in the THE Impact Rankings. For 2024, UKLO is ranked in the 301-400 place in the area of Peace, Justice, and Strong Institutions. This achievement highlights our commitment to fostering a just, inclusive, and sustainable society.*

## CONFERENCE PARTNERS & FRIENDS

### COLOURS *European University Alliance* partners

## Article Guidelines

**Article title:** Times New Roman; 14 pt; bold; alignment centered; single-line spacing; All Caps (max. 100 characters with spaces).

**Author details:** Times New Roman; 12 pt; single-line spacing; alignment centered. Please write the author details in the following order:

John Galt  
University “St. Kliment Ohridski” - Bitola, North Macedonia  
ORCID iD: <https://orcid.org/0000>  
Email: [galt@uklo.edu.mk](mailto:galt@uklo.edu.mk)

**Abstract and keywords:** Between 250 and 300 words (5-7 keywords. Use words that will help others find your work); Times New Roman; 12 pt; single-line spacing; justify. Write your abstract using concise, but complete, sentences. There are four things you need to include: 1) your research problem and objectives, 2) your methods, 3) your key results or arguments, and 4) your conclusion.

**Article text:** Times New Roman; 12 pt; justify; 1.0 line spacing; margins: Top: 2,5 cm; Bottom: 2,5 cm; Left: 3 cm; Right: 3 cm. The scope of submitted text should not exceed more than 30.000 characters (with spaces) including references. The text should be written in the neuter gender, concisely with correct orthography. Latin phrases should be set in *italics*.

**Quotations:** If they are brief (3 lines or fewer), quotations should be run on with the text. Longer quotations should be indented, without quotation marks. All indented quotations should be typed single-spaced.

**Citation style:** The author should follow Chicago Style (author-date system) for referencing, for example: (Dahl 1989, 45); (Geddes 1999, 134-43); (Linz 1975). All references should be given in full at first mention. Subsequent citations can be abbreviated. Footnotes should be kept to a minimum.

**Headings and subheadings:** Times New Roman; 12 pt; bold.

**Tables:** Times New Roman; bold; size 10; align heading left; single line spacing. Tables must be created in Word, not Excel. The table heading is situated above the table.

**Figures:** Times New Roman; bold; size 10; alignment centered; single line spacing. The authors must submit original electronic copies of the figures applied in the article in TIFF, JPG, or PNG format. Figure heading is situated under the figure. Consider aligning tables and figures at the center.

**Dates:** Dates should be given in the form: December 26 1981.

**Conclusion:** The conclusion is intended to help the reader understand why your research should matter to them after they have finished reading the article. A conclusion is where you summarize the article's findings and generalize their importance, discuss ambiguous data, and recommend further research.

These include:

- Presenting the last word on the issues you raised in your article.
- Summarizing your thoughts and conveying the larger implications of your study.
- Demonstrating the importance of your ideas.
- Introducing possible new or expanded ways of thinking about the research problem.

**References:** The reference list appears at the end of your article, and provides more detailed information about the sources you cited. Each entry in the reference list also begins with the author's last name and the publication date, so that your reader can easily find any source they encounter in the text. For four or more authors, list all of the authors in the reference list; in the text, list only the first author, followed by *et al.* It is alphabetized by the author's last name.

### **References Examples:**

#### **Articles:**

Author's surname, Name. year of publication. "Article Title". *Horizons* 8 (1):229-4, DOI: XXX-XXX

#### **Books:**

Author's surname, Name. year of publication. *Book Title*. place of publication: publisher.

#### **Contributions in compilations and edited volumes:**

Author's surname, Name. year of publication. "Title", In: editor's surname, forename initials (ed./eds.)

Compilation (place of publication: publisher), pages interval, DOI: XXX-XXX

#### **Internet (URL):**

When articles, books, or official documents are accessed via the internet, the reference should be formatted as described above; Full URL. where the document is posted should be listed as well as the date when it was accessed.

Author's surname, Name. year of publication. *Book Title*. place of publication: publisher, available at:

<http://xxxxxxxxxxxxxxxxxx> (December 26, 2021).

#### **Legislation: Acts and Regulations**

The titles of pieces of legislation (Acts, Regulations, rules, and by-laws) should be cited exactly - do not alter spelling or capitalization.

#### *In-Text Citation:*

Title of the Act Year

Title of the Act Year (abbreviation of the jurisdiction)

#### *References:*

Title of the Act and Date of publication (abbreviation of the jurisdiction)

Note: Legislation is fully included in a list of references, in alphabetical order among other references.

**\*We suggest utilizing reference management software like Zotero, Mendeley, and similar tools.**
